Who I am and how I can help you

In my role as a regional vice president-nonqualified plans, I support financial professionals and employers in the sale and service of nonqualified deferred compensation plans to organizations of all types and sizes. The deferred comp benefits we provide to clients help them recruit, reward, retain, and retire key employees. And research shows that both employers and key employees value this benefit for a variety of reasons.¹

I can help with plan design, financial analysis, implementation, and delivery of deferred comp solutions. I'll work to simplify complex ideas and, with the financial professional, help put in place a solution to meet the employer's needs. My senior consultant, Jaye Nauman, senior internal wholesaler, Leigh McClure, and I provide support to financial professionals and their clients in the Mid-Atlantic region.

I've been in the financial services industry since 2003 and worked with corporate retirement plan development since 2005. I'm a native of the Carolinas and graduated with a Bachelor's degree in Financial Management from Clemson University in South Carolina. In addition to having insurance licenses, I attained the Registered Employee Benefits Consultant® (REBC) designation through the American College and hold Series 6 and 63 securities registrations from the Financial Industry Regulatory Authority (FINRA). I live in West Chester, PA, with my wife and three children.
