Life can throw you curveballs. We can help you prepare for them.

What is the Waiver of Premium Rider?

It ensures that if you become disabled (as defined by the rider requirements), your policy’s monthly premium will be waived — keeping your policy active.

Waiver of Premium Rider fast facts*

- If your disability begins before your policy anniversary nearest age 60 and continues uninterrupted to your policy anniversary nearest age 65, your premiums will continue to be waived until your policy expires (at age 95) or you pass away — whichever comes first.
- Benefits are limited for disabilities occurring after your policy anniversary nearest age 60.
- If you’re age 20-59, the rider is available to add at the time your policy is issued.
- The rider expires at age 65 unless you’re disabled and receiving Waiver of Premium Rider benefits.
- There’s a fee associated with this rider.
