Individual Disability Income insurance

You work hard for your income
Continue to protect it with coverage offered through your employer

Which asset do you rely on most? It’s your income. Without it, how would you pay for all the big and little things in life?

Starting [Effective date], [Employer/Company name] will [no longer pay the premiums/be changing the billing arrangements] on your individual Disability Income insurance policy from Principal®. You can continue this valuable coverage by paying for it directly.

Why continue to protect your income?

• You’ll be covered even if you change employers.

• You don’t want to risk wanting the coverage later and then being uninsurable.

• You may not need it now, but it’s a financial safety net if you can’t work due to an illness or injury later.

• It’s more affordable through this offering, since your coverage is discounted with a 20% Multi-Life Discount.¹

• Your cost for coverage won’t increase before age 65 and the insurance can’t be canceled unless you stop paying for it.
