Who I am and how I can help you

In my role as a senior consultant with nonqualified deferred compensation plans, I support financial professionals and employers in the sales and service of these plans to organizations of all types and sizes. The deferred comp benefits we provide to clients help them recruit, reward, retain, and retire key employees. And research shows that both employers and key employees value this benefit for a variety of reasons.¹

I can help with plan design, financial analysis, implementation, and delivery of deferred comp solutions. I'll work to simplify complex ideas and, with the financial professional, help put in place a solution designed to meet the employer's needs. I work closely with Josh Owen, regional vice president of nonqualified plans, to support financial professionals and their clients in the Mid-Atlantic region.

I started my career with Principal[®] as an actuary in 2015 and became a fellow of the Society of Actuaries (SOA) in 2020. A year prior to obtaining my credential, I worked as a nonqualified financial consultant. I have a Bachelor's degree in Finance from the University of Iowa and hold Series 6 and 63 securities registrations from the Financial Industry Regulatory Authority (FINRA). I live in Des Moines, Iowa with my wife. My hobbies include traveling, cooking, and sports.

More about the company I work for

Principal is a leader in global investment management and retirement services with decades of experience and the No. 1 provider of nonqualified deferred comp plans². We help people and organizations around the world build, protect, and advance their financial well-being through retirement, insurance, and asset management solutions that fit their lives. Our employees are passionate about helping clients of all income and portfolio sizes achieve their goals—offering innovative ideas, investment expertise, and real-life solutions to help make financial progress possible.
