## Who I am and how I can help you

In my role as a regional vice president-nonqualified plans, I support financial professionals and employers in the sale and service of nonqualified deferred compensation plans to organizations of all types and sizes. The deferred comp benefits we provide to clients help them recruit, reward, retain, and retire key employees. And research shows that both employers and key employees value this benefit for a variety of reasons.<sup>1</sup>

I can help with plan design, financial analysis, implementation, and delivery of deferred comp solutions. I'll work to simplify complex ideas and, with the financial professional, help put in place a solution to meet the employer's needs. My senior consultant, Lorraine Grod, senior internal wholesaler, Jobina Rodriguez, and I provide support to financial professionals and their clients in the Great Lakes region.

I've been in the financial services industry since 1988 and worked with corporate retirement plan development since 1990. I have a degree in economics from the University of Kansas. In addition to having insurance licenses, I attained the Chartered Life Underwriter® (CLU) designation and hold Series 6, 63, and 65 securities registrations from the Financial Industry Regulatory Authority (FINRA). I live in Kenilworth, IL, with my wife and three children, and am active in golf, skiing, and hunting.
