

Principal® Survivorship Universal Life Provider

The benefits of coverage for two

Principal® Survivorship Universal Life Provider provides cost-effective, flexible coverage for a variety of business and individual needs and offers the following benefits:

- **A single policy covers two individuals**, which can cost less than two separate policies.
- **Affordable long-term protection is available on a current assumption basis, or the optional Extended No-Lapse Guarantee Rider¹ can be added** to provide guaranteed coverage to age 100 of the youngest insured.
- **Coverage is available even if one insured is uninsurable**, providing an insurance option to those whose health is less than ideal.

Target markets

- **Estate planning.** The death benefit a beneficiary receives can be used to meet cash and income replacement needs. It can help minimize the effect of potential federal and/or state estate taxes.
- **Wealth transfer.** Clients in or near retirement can reposition assets to help increase wealth transferred to the next generation.
- **Business transition planning.** Family-owned businesses and companies owned equally by two partners can use a policy to provide the funds needed for the smooth transfer of ownership after both partners pass away.
- **Charitable giving.** Policy proceeds are paid to one or more charities of the clients' choosing.
- **Special needs planning.** The death benefit from a policy is a way parents can help ensure the costs of ongoing care for their child with special needs will continue to be paid when the parents are gone.
