

Individual disability insurance

You have disability protection options

Thank you for starting down the path of protecting your income with Principal®.

If you purchase this modified insurance offering and your health...

Gets worse	Stays the same	Improves
You have income protection! The cost of your policy stays the same.		Let's work together to see if your policy (and price) can be changed for the better.

If you decide to wait to purchase income protection, keep these things in mind:

- The cost of coverage increases with age.
- If an unexpected illness or injury occurs, your income is not protected and you can't purchase coverage "retroactively."
- If your health condition worsens, you may not be able to purchase coverage.

Protecting your income today can help protect you financially tomorrow if the unexpected happens.
