

Get the coverage you deserve

Individual Disability Insurance (IDI) can be even more affordable with the Business Owner Program¹ from Principal®. That's because we value your efforts and dedication to starting and building your business.

Historically business owners were classified by their “trade” occupation, such as plumber, contractor or electrician, but business owners are much more than that. With the Business Owner Program, we look at additional factors that many business owners, like you, use to measure their success, such as:

Income

Number of employees

Number of years in business

Owner duties

How it works

Joe owns a large graphic design company:

- \$200,000 income
- 22 employees
- 17 years in business
- Less than 10% manual duties

Joe saves **28%** on his cost of insurance²

By looking at Joe's business ownership, income, size, years in business and duties – not just his trade, we're often able to offer a more affordable price for coverage.
