

Get started with Principal® IDI.

Helping your clients live their best lives begins with protecting the assets they rely on every day. Principal can help you do that with our comprehensive suite of individual disability insurance (IDI) solutions for individuals, business owners, and employees.

Many financial professionals have found success starting conversations with clients about personal income protection and then moving to business solutions. That shows how wide open the disability market opportunity can be. After all, almost everyone in the working population needs to protect their income, especially those who:

- Are ages 50 and under
- Earn at least \$75,000 per year
- Work at least 20 hours per week
- Work in occupations with little to no manual duties
